VOLUME CVI.---NO. 70. ALEXANDRIA, VA., THURSDAY EVENING, MARCH 23, 1905. PRICE 2 CENTS.

BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 89 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

...FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TROUBLES IN SANTO DOMINGO.

The news of the postponment by the United States Senate of action on the treaty with Santo Domingo makes the situation in that island acute, and internal uprising seems to be imminent, based on the cry that President Morales has been discredited in the United States.

President Morales states that he is prepared to put down any revolution, but that a more serious matter, in his mind, is foreign complications growing out of Belgium's demand, presented on March 21. Belgium wants the customs receipts of a port of Santo Domingo to the extent of $25,833 a month, according to former agreement, on which no payment has been made for three years. This first demand is construed as a direct result of the failure of the treaty between the United States and Santo Domingo.

President Morales anticipates similar demands by other foreign powers, which he will be helpless to resist. He says he wants to pay all the republic's debts, but sees the ruin of the country with every port in the hands of a different foreign power and no revenue for the government. While he sees no light ahead, he has blind faith that "right will triumph."

The American gunboat Castine is at Santo Domingo with 150 men; the cruiser Chattanooga is at Samana bay, the Detroit is at Puerto Plata, and the Dixie is at Monte Christi. Rear-Admiral Sigsbee has gone to Guantanamo for a consultation with Rear-Admiral Barker.

With the seizure of Dominican ports by foreign powers, it is argued, the Monroe dictrine will be nullified as regards Santo Domingo. With the United States in possession of two ports it would not be logical, it is argued, to oppose the seizure of other ports by foreign powers. At the same time, the only hope of President Morales is that in some way the United States can secure a postponement of seizure by European powers.

President Morales has about 1,200 men under arms ready to crush the first internal uprising, but should the custom houses be seized he speedily would be without funds with which to pay his army, which would immediately desert.

The United States transport Sumner has gone to Kingston, Jamaica.

Decision on Jim Crow Law.

In an opinion delivered by Judge Boyd and handed down yesterday morning the Maryland Court of Appeals holds that the act passed at the last session of the legislature, commonly known as the Jim Crow law and requiring steam railroads in the State to furnish separate compartments for white and colored passengers, is valid so far as it affects commerce wholly within the State, but invalid as to interstate passengers, and must be construed as not applying to them.

William H. H. Hart, the appellant in the case before the court, is a colored school teacher in Washington, D. C., He was arrested for refusing to go into the compartment assigned to colored passengers while he held a through ticket from New York to Washington on the cars of the Philadelphia, Baltimore and Washington Railroad Company and was fined $5 and costs by the Circuit Court for Cecil county. From this verdict he appealed.

In the opinion the Court of Appeals upholds the right of common carriers to make reasonable regulations providing for the separation of the races and also the right of the legislature under its police powers to impose such regulations upon common carriers. However, in the matter of imposing such regulations upon carriers engaged in interstate commerce the Maryland court regards the decision of the United States Court in the case of Hall against DeCuir, 95 United States 485, as conclusive. In that case the Supreme Court held that those engaged in interstate commerce in the State of Louisiana should give all their passengers equal privileges as to the parts of the conveyances they should occupy, and a large number of other cases are cited to show that the undoubted rule of the Supreme Court is that legislation by States which in any way interferes with or burdens interstate commerce is invalid.

The opinion adds that the Court of Appeals finds no difficulty in sustaining the law so far as it applies to interstate commerce, as in one of its sections it expressly exempts from the operations of the act parlor and sleeping cars and through express trains that do no local business.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

GOOD FIGS CHEAP.—To close them out I will sell 250 lbs. Figs at 7c pound. Price before Christmas 10c. J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, MAR. 23, 1905.

THOSE who contend that liquor is the chief cause of most of the crime committed in the State and that education reduces crime will have a hard nut to crack when they look into the facts in the case—and facts are stubborn things. In a table recently published it is shown that out of the State treasury Virginia spent $869,255.70 for education last year and $251,610.77 for criminal expenses. Added to the State school appropriation must be taken into consideration the large amounts paid by the several cities and counties which in many instances was double the amount paid by the State. The State received $403,018.60 from liquor licenses, and, strange as it may seem, in some of the counties in which no liquor is sold—so far as the officers know—the criminal expenses were large. Charles City county had the minimum criminal charge for all the counties, only $11.50 being necessary to pay all expenses on account of crime, while Norfolk county required the largest amount, $24,147.77. Charles City county paid $350 for liquor licenses, while Norfolk county paid $23,746.15. Russell, Scott, Wise, Wythe and York paid nothing for liquor licenses, yet the amounts paid therein for criminal charges ranged from $27.11 to $8,231.52, the former in York and the latter in Wise. Last year Alexandria paid nearly $2,500 for criminal expenses, and expended about $21,000 for public schools and paid $22,784 for liquor licenses.

AMONG the things that make drunkards, according to Dr. David Paulson, of Hinsdale, Ill., are: Poor cooks; high seasoned food; mustard on your sandwich, and patent medicines that contain alcohol. "The poor cook is in league with the saloonkeeper," declared Dr. Paulson before a meeting of the Cook County Institute recently. "And the records will show that where a man returns to drink after he has been temporarily cured it is because he has been driven to it by poor food, poorly cooked. Highly mustard-seasoned food is another factor in the making of drunkards, and the young man who buys a ham sandwich and seasons it with mustard is laying the foundation for a drunkard's life. Thousands of young men buy these sandwiches and spread them over with mustard, and before they have finished eating them they want a drink. Poorly cooked and highly-seasoned food creates a thirst that the town pump cannot satisfy." In a well-known parable an act of his satanic majesty is likened unto fowls of the air picking up seed falling by the wayside. In another the birds are represented as lodging in the branches of a mustard tree. It has been suggested that in both instances they may be intended as types of the evil one; hence, if Dr. Paulson's theory be correct, the commingling of the devil and mustard must have been known to the ancients.

A FIGHT to a finish between the President and the Senate is promised for the next session of Congress. When the Senate adjourned on Saturday the breach between that body and the executive was as wide as it could be without an open declaration of war. The hostility of the Senate to the President's plans is pronounced and rampant. The purpose of the President to insist upon the legislation that he believes necessary has not changed in the slightest degree. Between the two conflict is inevitable and irrepressible. The President knows this. The Senate appreciates it, because senatorial interests and senatorial power are to a very large extent involved. If the Senate is to remain the great force in the legislative and executive branches of the government it has been, then the President must be shown that his plans for legislation cannot be carried out. If the President is to win his fight, then the Senate must be taught that there is a power greater than itself—the President.

IN AN opinion delivered yesterday the Maryland Court of Appeals held that the act passed at the last session of the legislature, requiring steam railways in that State to furnish separate compartments for white and colored passengers, is valid so far as it affects commerce within the State, but invalid as to interstate passengers, and must be construted as not applying to them. The court upholds the right of common carriers to make reasonable regulations providing for the separation of the races, and also the right of the legislature to impose such regulations upon common carriers. This decision is along the same lines as the decisions in similar cases rendered by the Courts of Appeals in other Southern States.

AN IMPORTANT city election will be held in Chicago on April 4. Municipal ownership of the city's street railways is the question before the people, though as neither party, in the state of the public mind in Chicago, has had the temerity to oppose municipalization, it can hardly be said to be an issue between the two parties. They differ only on the means of accomplishing it. Mayor Carter Harrison once said on this subject: "None of these fellows who clamor for municipal ownership ever tell how it can be brought about," and, well adds the New York Tribune, "when they do, they do not agree."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., March 23.

News which comes from Santo Domingo points to a crisis which it is claimed in administration circles can be averted only by the United States assuming a protectorate. President Moralas, while claiming his ability to put down any revolution which may arise through the disappointment occasioned among his people by the failure of Washington to ratify the proposed treaties, admits that he is unable to pay, under present conditions, the principal or even the overdue instalments upon his foreign debt. It is claimed here that he might have pointed out that he could not maintain in the field the army necessary to quell internal troubles. In that case the United States, it is claimed, would be forced, in order to protect her citizens and their interests upon the island, to land the thousand or more marines on the ships in that vicinity and thus establish a situation which the Senate feared and by its action purposed to avoid. Officials of this government claim that the only possible solution of the difficulties is for the United States to assume at least a temporary protectorate over the republic.

Senator Cullom, chairman of the Senate committee on foreign relations, was one of the early callers at the White House, his visit having some bearing, it is believed on the Venzuelan and Santo Dominican cases. "I wish all those d— islands were at the bottom of the sea," he said, "They are just international trouble makers, and civilization would be a good deal better off if they were wiped off the map. Of course if the United States could go down there and run things, we'd stop the trouble making on the surface and things would be a good deal better off, but the revolutionary spirit would continue to boil under the surface."

Despite the strong influences brought to bear upon him for a mitigation of the sentence in the case of Midshipman Arrowood, of North Carolina, President Roosevelt today approved the finding of the court martial, which was dishonorable dismissal from the navy. The sentence carried with it loss of citizenship. The midshipman deserted from the Kearsarge some time ago and after having sent in his resignation was located in New York where he had taken a position in a broker's office.

Wm. Steyner, alias Joe Steyner, alias Charles Graves, wanted in Baltimore on the charge of burglarizing a sporting goods house, was arrested here today. He will be taken to Baltimore at once.

The Washington Jockey Club began its spring meeting at Benning today. A large crowd attended and an attractive and satisfactory meeting is expected. All the stables are filled and the stalls in the stables near the track are taken. The track is a little heavy but will soon dry off.

Rates of fare and telegraph on the Panama Railroad have already begun to drop in anticipation of the time when the concern will pass into formal possession of the United States. This is to take place on April first. The passenger rate across the Isthmus which heretofore has been $4 in gold has been reduced to $2.40, according to advices received by the State Department. A second class passage may now be secured for $2.85 in silver. The old rate for second class was $6 silver currency. The charge for telegraph messages has been reduced from $1 gold for ten words to 25 cents gold for the same. It is expected that when the United States takes formal possession of the railroad further reductions may be made.

General Allen, of the constabulary in Manila, who is in command of the federal troops in the island of Samar, reports that the uprising among the Pulajanes is under perfect control now and says the majority of the regulars will be withdrawn. General Allen and Major General Corbin are now at Calbayog, Samar, to confer in regard to measures for the future.

Representative Wachter of Maryland called at the President's office this morning to intercede for the retention of Fort McHenry, near Baltimore, which the War Department has about concluded to abolish,

General Linevitch reports seeing Japanese cavalry in his front and infantry behind it, indicating that his retreat may be cut off.

The peace party at St. Petersburg is more confident and regards a peace proposal in the near future as probable.

St. Petersburg is highly elated over the celerity of the retreat and regards it as evidence of the excellent morale of the troops.

The Bessarabian nobility at a conference of nobles today will present resolutions urging peace and making other demands.

The third Pacific squadron has left for Port Said and St. Petersburg intimates that it will join Rojestvensky and give battle to Togo.

Killed by Explosion.

Six miners dead and four injured, two fatally, is the result of an explosion in the mine of the Princeton Coal and Mining Company at Princeton, Ind., yesterday afternoon. Of the dead, all but one were dead when found in the mine. When the explosion occurred most of the miners had left the mine. Whether the explosion was a premature shot or an overcharge is not known. Within a short time fifty women, relatives of the miners, surrounded the mouth of the shaft and anxiously awaited each ascension of the cage. The miners worked heroically and a number were overcome by the foul air which filled the mine. The explosion hurled supporting timbers in every direction. In consequence the slate roof gave way in many places and the rescuers were in constant danger from this source. This is the second serious disaster in the mine, an explosion some years ago having killed nine men.

The weather today has been cloudy, cool and dismal.

News of the Day.

Three people were injured and a score or more shaken up and bruised in a subway collision at 116th street and Lenox avenue, New York, this morning.

President Castro has come to an agreement with the German and British bondholders. The Venezuelan court has postponed sine die a decision in the French Cable Company case.

Many lives were endangered and damage to the extent of $50,000 was done by a fire in the nine-story Empire State Building, at Broadway and Bleecker streets, New York, yesterday. Scores of girls employed in the upper portion of the building were thrown into a panic when flames swept up from the seventh floor, where the fire started, and it was only by the greatest good fortune that all escaped

The long-standing controvesy between the Burns and Hayes factions of the Knights of Labor was decided by the Court of Appeals of the District of Columbia yesterday favorably to the Hays faction. J. W. Hayes was elected general secretary of the order several years ago, but his right to the office was disputed by Simon Burns, who instituted a contest in the Supreme Court of the District. The decision there was favorable to Burns, but it was reversed by yesterday's verdict, on the ground that the courts of the District of Columbia have no jurisdiction in the premises.

As a result of the Cabinet's decision Wednesday to use no pressure upon its followers in regard to resolutions introduced by the opposition to commit the government on the fiscal question, a resolution introduced at last night's sitting of the House of Commons by John Stirling Ainsworth (free trade liberal) was carried by a vote of 254 to 2. The resolution declares that "in the opinion of the House the imposition of a general duty on all manufactured goods imported from abroad, not exceeding 10 per cent. on an average and varying according to the amount of labor on these goods, would be injurious to the commercial interests of the United Kingdom."

THE METHODISTS.

For the first time in many years without a presiding bishop the Baltimore Conference of the Methodist Episcopal Church South began its session in Winchester yesterday. Owing to the illness of Bishop Alpheus W. Wilson, and to the illness of Bishop W. A. Candler, conference began its session with Rev. Dr. Collins Denny, president of Vanderbilt University, Nashville, Tenn., in the chair.

In the afternoon Bishop W. W. Duncan, of Spartanburg, S. C., arrived and assumed the presiding officer's chair and will preside over the sessions throughout the remainder of the conference.

The morning's session was devoted to organization and to devotional exercises. Rev. Dr. James E. Armstrong, the veteran secretary of the conference, was re-elected to the position which he has held for the past 20 years.

Rev. E. V. Regester, of Baltimore, was elected recording secretary and the following as statistical secretaries: George T. Tyler, J. P. Stump, H. S. Cole, Wm. Walters and Harry Burruss.

Standing committees were appointed. The following were appointed from Washington district—Conference relations, Rev. W. B. Dorsey; admissions, Revs. J. H. Light and W. H. Ballanger; publishing interests, Rev. F. J. Prettyman and Mr. H. K. Field; temperance, Rev. D. L. Blakemore and Mr. J. A. Pillcher; district conference records, Rev. W. T. Gover; collections, Rev. W. G. Hammond; Sabbath observance, Rev. C. W. Moore and Mr. R. D. Hynson.

One of the most interesting reports, was the report of the committee in charge of the new paper, the Baltimore Southern Methodist. The paper was started June 2, 1904, with Rev. Dr. R. W. Bond as editor. The committee recommended that Dr. Bond be made contributing editor and John S. Eagle editor and manager.

The Board of Church Extension's report showed p yments for church extension of $92,192.82, an increase of $14,-550.54, but $32,807.18 short of the assessment. The assessment for the coming year is $5,137.

The committee on memoirs was instructed to draft resolutions on the death of George R. Hill, of Alexandria, treasurer of the Twentieth Century Thank Offering, and Charles Shipley, a prominent layman of Baltimore.

Encounters a Snag.

A triple alliance has been formed in New York to kill the floating poolroom in its infancy. The steamboat Mount Desert, chartered by a syndicate of poolroom owners to go to sea and receive wireless telegraph messages on the horse races, did not start today. The local steamboat inspectors up to a late hour yesterday had not granted a local license to the steamboat, and it was the opinion about the steamboat inspection office that such privilege would not be issued. The Mount Desert holds a certificate issued at Boston giving her permission to ply "about Boston harbor and rivers and on the waters of Massachusetts Bay and tributaries." This certificate will expire April 15. The steamboat has no sea license, and will not be permitted to go outside Sandy Hook unless the certificate is indorsed accordingly. If the local steamboat inspectors give the craft such indorsement the New York police intend to stop her. Captain Albertson, former police inspector, now in command of the steamboat patrol, said last nigh that he certainly would detain the Mount Desert if he found that she was intendedas a floating poolroom to evade the law. The Mount Desert is owned by three pilots and the third opposition to the gambling trip came yesterday in the shape of an informal portest on the part of the Sandy Hook pilots against the alleged pretension or the owners of the boat in the intimating that the craft hadthe indorsement of the Pilots' Association.

It was announced yesterday that the experiment has proved a complete success. The skin of the pig has taken hold on the burned surface, and the child, the physicians say, will soon completely recover from her burns.

A Plot to Kill Five Men.

A plot to shoot down five men in the Breathitt county, Ky., courthouse during one of the feud murder trials there was brought out in Lexington yesterday, at the hearing of a motion to admit to bail Sheriff Edward Callahan and the Hargises, one of whom is a judge, and another a State Senator.

The sensational story was told by Anderson White on the witness stand. White said that Judge James Hargis had given witness a 45-caliber pistol, telling White to go to the courthouse, where the trial of Thomas Cockrill for killing Benjamin Hagris was in progress, and be ready to do as instructed. White declared that James Hargis wanted him to shoot five men in event any trouble started.

The men White says he was asked to shoot were Dr. Cox, James Cockrill, Mark Cockrill, Attorney Vaughn, and another. This other, witness remembered as being J. B. Marcum. "Kill all of these or any one of them," is what White said Hargis told him. White said he declined to do this, and returned the pistol. Hargis then told White that White would be needed probably as a witness. Hargis told White to return when sent for.

Anderson White is a brother of Thos. White, who is now serving a life term for the killing of J. B. Marcum.

"Jeff" Smith followed White. He said that before the killing of Cockrill, Judge James Hargis declared to witness: "Jim Cockrill has got to be killed. If he is not, Cockrill will kill Callahan or me, or both of us."

Witness declined to participate in the plot. Hargis threatened, witness said, to get George Smith or Curtis Jett to do the killing. Witness said that he was in Hargis's store the day after Cockrill was killed. Callahan and Judge Hargis were there, and when the news came from Lexington that Cockrill had died in a hospital, Hargis and Callahan smiled at each other.

Young Woman Sues Wealthy Farmer.

A sensational suit was instituted in the Berkeley Circuit Court at Martinsburg, W. Va., yesterday, when Miss Tamson Millburn, a young woman of Frederick county, Va., filed proceedings against Joseph Place, an aged and wealthy farmer of Berkeley county, for breach of promise, asking damages to the extent of $5,000.

In her complaint Miss Millburn alleges that there was an agreement of marriage between her and Mr. Place, who is about 75 years of age, and that the date for the wedding had been fixed three separate times, but that each time her aged admirer postponed the marriage.

The last time the date was set for March 13 last, but a few days before that time Mr. Place left his home, where the plantiff had been acting in the capacity of housekeeper for more than two years, and went to live with a married daughter.

A relative of the defendant then sought to eject the plaintiff from the house, and she claims that violence was used and that her personal effects were thrown from the premises. Owing to the prominence of the defendant, the suit has created a sensation in the county. It will be heard before Judge Faulkner at the approaching term of the Circuit Court.

The Dominican Troubles.

In the course of an interview President Morales, of Santo Domingo, yesterday said: "It is entirely possible that the United States may have to send an ultimatum here, on account of the Dominican Government being unable, though not unwilling, to meet its obligations. It it utterly impossible for the government to pay the sums due foreign nations unless the United States can procure from foreign powers a postponment of their demands. Otherwise, these demands will be pressed. I have no physical or moral force to resist them. With the customs houses in the control of the United States the resources of the island will develop speedily, and all demands will be paid, with the result that the country will be educated to peace and permanent prosperity."

With two Dominican ports now in the hands of the United States and the failure of the treaty, Dominicans believe that a grab game by foreign powers will begin at once. An Italian cruiser was at Santo Domingo a few days ago, but withdrew to Kingston.

Today's Telegraphic News

Pursuing the Russians.

St. Petersburg, March 23.—It is now claimed that the main Russian army has escaped. In official circles the former optivism has been regained to some extent. It is now asserted that the Russian retreat was solely due to hunger and the lack of supplies. The authorities promise that before the next big struggle begins, the commissariat will be reformed and the troops will not suffer again in this respect. There is no further news of serious fighting, although it is reported that a desultory conflict has occurred at Changchun, 100 miles north of Tieling, where General Linievitch is preparing to delay field Marshal Oyama in order to allow for the completion of his arrangements to defend Harbin.

Tokio, March 23.—A telegram from Field Marshal Oyama's headquarters states that the Japanese forces which are pursuing the enemy reached Changtu, north of great wall, on Tuesday afternoon. The Russians are retiring in disorderly masses to the northeast along the railroad.

London, March 23.—Baron Hayashi, the Japanese ambassador here, has received the following message dated March 21: "Our detachment which is following the enemy has entered Changtu, twenty miles north of Kaiyuan: The enemy, in large bodies, is retreating in disorder towards the northeast along the railway."

More Peace Rumors.

London, March 23.—London was the center of peace rumors today. They grew out of the meeting of the Cabinet which went into session at noon presumably to take up routine business. But rumor would not have it so. The Central News, an agency through which the government sometimes permits important official events to leak out, started the talk by announcing that the session of the Cabinet was an extraordinary one to consider proposals that have been made for intervention by the powers in the war between Russia and Japan. "The power which has taken the initiative, in this important step," the Central News added to its announcement, "has not been disclosed."

No official information was forthcoming that the cabinet was discusing intervention despite diligent inquiry in official circles, but at the Japanese legation there was an inclination to believe that the report was true. China was suggested as the power that might have asked the other powers to interfere.

Chosso Koike, secretary of the Japanese legation, in discussing the matter said: "It would not surprise us to hear that China had overtured the powers for intervention on the ground that the continuation of the war was doing serious damage to Chinese territory." Koike would not discuss the matter further except to express skepticism as to China's ability to induce the powers to intervene.

Later Halliday McCartney, secretary of the Chinese legation was seen. He would not admit that China had taken the step indicated. On the contrary, he said that there was no foundation for the report that China had invited the powers to intervene.

The possibility that China has suggested intervention finds credence, however, in numerous well informed circles, but, of course, it is impossible to obtain anywhere a definite assertion that this has been done. It is pointed out that such action would not necessarily hasten peace, because the powers have no ground for intervention, as long as the territorial integrity of China, outside of Manchuria, is not violated, and no power is likely to suggest peace until some indication is given that the belligerents will welcome such a suggestion.

The Evening Standard says that it is authoritatively informed that the Central News statement that the Cabinet discussed the question of mediation is not true.

Murderers Hanged.

Pittsburg, Pa., March 23.—William J. Byers and Reno Dardaia were hanged in the Allegheny county jail this morning. Dardaia was first to mount the scaffold, and just as soon as was possible the hanging of Byers took place.

Desperate efforts have been made to save the lives of both men. Byers has been in jail nearly three years, a self-confessed murderer of August J. Layton, near Turtle Creek, June 23, 1901, with whose wife Byers was infatuated. Dardaia killed Thomas Sinclair, September 26, 1903, at Imperial, during a drunken fight. He pleaded guilty, claiming that he was acting in self-defense. Both Dardaia and Byers have been respited several times and both had become accustomed to hearing their death warrants recited.

Dardia walked unassisted to the scaffold without a sign of fear. He was accompanied to the gallows steps by Rev. Bonaventure Pierspo, an Italian priest, who was reciting prayers. Dardaia mounted the scaffold unassisted, and at 1:04 o'clock the trap was sprung. Death resulted from strangulation within 12 minutes. The body was then removed from the gibbet. Two attempts were necessary before the execution of Byers was successfully accomplished. When the trap was first sprung, the knot in the noose became unfixed. Byers dropped to the ground and would have fallen had he not been caught in the arms of Sheriff Dickson, and supported. Although there was a horrible red mark about his neck, and was doubtless suffering great pain, he displayed remarkable nerve, and walked back to his cell without assistance.

The second attempt was successful. When a new rope had been fixed in place, Byers was led again from the jail to the scaffold. He had a smile upon his face, and while standing on the trap, for the second time, in a low and careless tone of voice, exclaimed to to the hangman: "Hang me." His eyes closed, and with a prayer upon his lips, he dropped through the trap. Life was extinct at the end of twelve minutes. The first attempt to hang Byers was made at 10.26 o'clock. The second was at 10.35 o'clock. One hundred people were witnesses to the scene of horror, several of whom fainted and had to be helped from the scene.

The Market.

Mr. Fairbanks in North Carolina.

An immense crowd was at the railway station at Greensboro, N. C., last night to greet Vice-President Fairbanks and party when they arrived from Washington. A public reception under the auspices of the Republican Tar Heel Club was given from half-past 8 to 9:30 o'clock. At the banquet, which followed, three hundred members of the club and invited guests were seated.

Vice-President Fairbanks responded to the first toast, and made a fine impression. Among other things he said: "There is something about southern hospitality that is delightful, and, indeed, there is nothing in all the rest of the world like it." He declared he had no message of partisanry to bring, but that he hoped to be excused for saying that he thanked God there was no more sectionalism in the republic, and that the South was fast being recognized as not only fully as enterprising as other sections of the country in material things, but was the equal of any in boundless valor and noble patriotism.

At the conclusion of the speech the whole house arose in one long, spontaneous shout of applause and approval. He was followed by Commissioner Yerkes, Congressman Dixon, of Montana; United States Judge Purnell, State Chairman Rollins, ex-Supreme Court Judges Furcher and Bynum and several other republicans.

The Cordova Case.

New Brunswick, N. J., March 23.—Counsel for J. Frank Cordova claims he was kidnapped from Washington by the local authorities and the federal laws are being consulted to see if habeas corpus proceedings cannot be secured in getting Cordova out of jail and before a Washington judge, where the authorities can be asked to show cause why Cordova was brought here without extradition papers. Cordova says he did not consent to come here and was told he could not have counsel when he asked for one to ascertain his rights in the case. If the proposition now pending to get Cordova out of jail fall through, his counsel may take up this phase of the case at Washington.

Washington, March 23.—Local police authorities deny that Cordova was refused legal counsel here and that he was improperly spirited to New Brunswick, N. J., as charged by his counsel there. They declare that the man submitted willingly to being removed from the District of Columbia and that he declined a suggestion of extradition proceedings.

For the Cabinet.

New York, March 23.—There was a story going the rounds in republican political circles today that Truman H. Newberry, of Detroit, had been informed of the intention of the President to appoint him Secretary of the Navy at an early date. The story had it that the resignation of Secretary Hay was actually in the hands of the President; that Judge Taft would be moved up from the War to the State portfolio, and that Paul Morton, now Secretary of the Navy, would take charge of the War Department. In the Cabinet vacancy thus created Mr. Newberry would fill Newberry is one of the richest young men in Michigan and an ardent admirer of Roosevelt. His wife is a noted hostess in Detroit.

Detroit, Mich., March 23.—Truman H. Newberry, when seen today regarding the reported tender of the navy portfolio, denied knowledge of such an offer. He said he had no communication with Washington on the subject.

The Rockefeller Gift.

New York, March 23.—John D. Rockefeller is said to be exceedingly annoyed at the protest made by the Congregational ministers in Boston against the acceptance of his gift of $100,000 to the Society of General Missions on the ground that the money is tainted by lawless methods used in securing it. While Mr. Rockefeller has made no statement is generally believed that he will withdraw the gift. Mr. Rockefeller's supporters and friends are open in their criticism of the action of the Boston ministers which, they declare, was an insult and a gross exhibition of ingratitude. The prudential commission of the board of general missions will meet next Tuesday and announce its decision regarding the gift. The controversy over the protest still continues and many wide and divergent views by the ministers are being expressed.

Fired on Peasants.

St. Petersburg, March 23.—A message from Kutno, Poland, to the government officials at Warsaw, says that a police patrol under the command of Officer Grieb fired upon 140 peaceful peasants on a highway. Two of the peasants were killed outright, and fifty were wounded. Seven of the victims of the police assault died on the way to a hospital, and the condition of eleven others is regarded as hopeless.

The Canal Commission.

New York, March 23.—The usual semi-monthly meeting of the Isthmian Canal Commission and of the directors of the Panama Railroad Company were held today. No business of moment was transacted. None of the commissioners cared to discuss the letter of President Roosevelt indorsing Secretary Taft's recommendation for a change in the commission's personnel. Until such change is actually ordered, the commissioners say they will not make any statements.

Letter to Geo. Wise,

Alexandria, Va.

Dear Sir: The way to reckon the cost of paint is to put both costs together: the cost of the paint and the cost of putting it on.

If would save this country hundreds of millions of dollars a year; it would save you alone (if you happen to be a victim) several dollars a year.

See how it works. It costs as much to put on one paint as another, don't it?

Yes, if you use the same number of gallons.

Well, don't I?

No, you'll use twice as many gallons of adulterated paints as of Devoe; and you've got to pay twice as much for painting it on.

Mr N Avery, Delhi, N Y, has two houses alike and in same condition Painted one house with Devoe: 6 gallons. Painted the other house with a paint that was half adulterated: 12 gallons. Same painter, Geo, Gilbert, did both jobs. One cost $27; the other $54.

Better go by the name. Yours truly,

Brockton, Mass., March 23.—Public funeral services were held today over the remains of the thirty-nine unidentified persons whose lives were snuffed out in the awful explosion and fire last Monday morning, at the R. B. Grover shoe factory. Flags are at half staff and hundreds of houses and stores are draped in black. All business was suspended. Services were held at 3 o'clock in the City Theatre, the Porter Congregational Church and other churches and halls. Each place was densely packed with people. Mayor Keith presided at the services in the City Theatre, at which place the members of the city goverament were in attendance. A service of the morning, which was attended by a large body of people, was that at St. Patricks Roman Catholic Church. The service took the form of a solemn high mass of requiem for the repose of the souls of the parishioners who perished in the fire. Following the hearses and undertakers' wagons containing the caskets, came relatives in carriages and members of the city goverament, and others. The march was to Melrose cemetery, where there were commitment services late in the afternoon.

Five Men Drowned.

Pittsburg, Pa., March 23.—Five men were drowned at Lock No. 4, near Charleroi, on the Monangahela river this morning. Just above the dam is a skiff ferry maintained by William Huggins. At seven o'clock four men asked Huggins to take them over to the river to Messen where they were going to work. Huggins told them that the stage of the water made it dangerous, but the men stated that they would take the risk. The men with Huggins entered the skiff and started across. They were soon surrounded by an impenetrable fog and became bewildered. The boat was carried by the current close to the dam, and, despite their efforts to escape, they were carried over the dam, and the boat capsized. The occupants called for help, but before response could be made they had been carried out of sight of hearing and to their death. Several hours later Huggins' skiff was found on the beach a mile below the dam.

New York Stock Market.

New York, March 23.—The stock was full of liquidating orders at the opening this morning. There was an immense crowd of brokers gathered around the Union Pacific post, and when the gong sounded the opening signal orders were taken at 128¾ in one part of the crowd, while sales were made at 128 only a few feet away. The price was forced up to 128¾, but broke and fell below 128. There was significant selling at the same time in New York Central. Liquidation was forced in many other issues. The street was flooded with bear rumors.

Another Man Killed.

Another Italian laborer employed in the construction of the union railroad yards was killed near St. Asaph Junction last night, the second this week. He is supposed to have been struck on the back of the head by one of the small cars used in hauling earth from a cut now being made near the junction. The remains, which were found down an embankment, were brought to this city by Mr. B. Wheatley and placed in his undertaker's establishment and an inquest was held this afternoon by Dr. Ashton, Coroner of Alexandria county. The unfortunate man's neck was broken and the back of his head crushed. The evidence was to the effect that the man's death was the result of an accident, and that no blame was attached to the contractors. Antonio Taroborrelli was the name of the unfortunate man.

Double-tracking Road.

As has been stated in the Gazette, the double tracking of the electric railway from Spring Park, near this city, to Four Mile run was commenced Monday and the work is being hastened. It is said that within the next month or two two tracks will be in service from Alexandria to Arlington Junction. A force of track men are employed moving the trolly poles between Spring Park and Braddock Heights, in order to make room for the new trackbed, and the rails are on the ground for the extension of the track from the siding near Spring Park to the one a short distance from Braddock Heights. When this work is completed the Braddock siding will be connected with the one at St. Asaph, and then to Four Mile run. It is stated that the new management of the Washington, Alexandria and Mount Vernon Railway will push the improvement vigorously, and before the end of the summer will have the road well equipped.

Explosion of Gasoline.

Shortly after nine o'clock last night an explosion of gasoline in the residence of Mr. Samuel Johnson, jr., on Gibbon street, near Lee, caused considerable excitement in the neighborhood and the sounding of an alarm of fire. The services of the apparatus were not needed, however, as the flames were soon extinguished by Mr. Frank J. Pettey, foreman of the Columbia fire company, who lives in the neighborhood and who was assisted by several of the neighbors. While no material damage to the house resulted, Mr. Johnson was painfully and, it is feared, seriously burned on his hands, breast and neck. It seems that at the time of the accident Mr. Johnson was engaged in repairing a gasoline stove. He had previously separated the different parts and having replaced them was testing the stove when the explosion occurred. He was attended by Dr. Smith.

The Ferry.

The preliminaries incident to the re-establishment of the ferry line between this city and Washington have been perfected. The formal transfer of the property of the old company to the new, as stated in the Gazette at the time, was made in New York several days ago, and yesterday the papers in connection with the change of hands were filed in the Georgetown custom house. Mr. B. G. Faulhabor, of the new company, was here yesterday on business connected with the transfer of the property. Mr. John B. Padgett, the general manager of the old company, will be employed by the new organization.

Extending Double Track.

The Southern Railway Company has recently awarded the contract for the construction of a section of double track between Spencer and Pelham, N. C. This contract covers fifteen miles between Greensboro and High Point, but the work will be extended from year to year until the system will have been equipped with two tracks from Washington to Atlanta, Ga. It is understood that the work under this new contract will be commenced within a few days.

Railroad Improvements.

The abutments for the railroad cut under the roadway of West End, near the site of the old Catts tavern, are nearing completion, and the iron bridge which is to be placed upon the structures has arrived and, it is said, will be placed in position this week.

Work on the new depot building a short distance north of the cut has been renewed, about fifty men being employed.

Hand Injured.

Mr. A. H. Schwarzman had one of his hands seriously injured yesterday evening while aiding Mr. Wayne Byers in forcing his tricycle over the curbing in front of his residence on south Fairfax street. Mr. Schwarzman had his hand near one of the springs at the time and the motion made by forcing the tricycle over the obstruction caused the member to be caught between the body of the tricycle and the spring.

Wharf Being Rebuilt.

Somerset Beach wharf on the Potomac, in King George county, which was badly damaged by the ice during the past winter, is being rebuilt. The carrying away of the shore end of the pier did not prevent its use by the river steamers. Passengers and freight were landed on the pier head as usual and were taken ashore on a large scow provided by the owner of the pier.

The Fishery.

There was no change in the fish situation this morning. There was but a meagre supply of shad in the city and the few disposed of came from southern rivers. Prices, except for herring, were unchanged. They were selling at 40 cents a dozen. There was a fine display of black bass, rock and perch in market this morning, but prices were as firm as ever.

Rev. B. F. Tinling will hold a meeting at the Children's Home, 406 Duke street, tomorrow (Friday) at 2:30 p. m. Members of the W. C. T. U. and all friends of the work are invited to be present.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, arrested by Officer Henderson for being drunk in the street, was sent to jail for 10 days.

James Bell, colored, arrested by Officers Mayhugh and Bettis charged with escaping from jail, had 10 days added to his term.

A white man, arrested by Officer Sherwood charged with assaulting his wife, was dismissed.

Edward Maples, charged with assault and robbery, had his case continued, and was released from custody upon furnishing bail for his appearance.

Milton Thomas, colored, arrested by Officer Henderson charged with stealing shoes from Jos. Hayman, had his case continued.

Several persons who had been cited to appear and show cause why they should not be fined for doing business without a license, were dismissed upon promising to secure the same.

Opera House Tonight.

The Bridgeton, New Jersey, Evening says of the Wills Musical Comedy Company which will open a three nights engagement at the Opera House tonight: "In Atlantic City" is a merry medley of fun and music. There is no plot, but for those who go to the theatre to be amused and brightened up such skits are a welcome diversion. The specialties introduced were excellent. The Mason Sisters are dainty singers and dancers, while the athletic work of Mr. C. J. Gregory and his two daughters was remarkable. The father did an act of barrel and table juggling with his feet and also supported with his feet "an electric perch" on which his eldest daughter performed. It was the youngest daughter, a tiny little thing, in her contortion and trapeze work, who, because of her tender years, especially pleased the audience, however, and they applauded her every motion." The company will produce the "Two Old Cronies," one of the favorite old comedies, tonight.

Personal.

Miss Jessie Armstrong after a delightful visit to New Orleans, where she attended the Mardi Gras has returned to her home in this city.

Mrs. Aubra Shuman, of Hagerstown, Md., is visiting her mother, at 404 north Alfred street.

Rev. J. Y. Downman, of Richmond, will preach at Christ Church tonight.

Mrs. L. V. Crymes till continues quite sick at her home on south Alfred street.

Furnished Bail.

Edward Maples, who is charged with assaulting Elijah and Albert Clatterback, also with robbing the latter, Tuesday night at the corner of Duke and Henry streets, was rearraigned in the Police Court this morning. His case was further continued. Later Maples furnished bail for his appearance, Mr. Andrew Deavers becoming his surety.

Death of an Old Resident.

Mr. Wm. G. Harris, an old and well-known resident, died in Garfield Hospital, Washington, yesterday. The deceased had reached an advanced age. He was a carpenter by occupation. Mr. Harris had recently been paralyzed. He leaves a widow (daughter of the late Thompson Javins) and several sons and daughters.

Corporation Court.

[Judge L. C. Barley presiding.]

Wm. Simpson, of the Roanoke bar, was admitted to practice in this court.

Com. vs. W. O. Pollard, indicted for grand larceny in connection with the car robbery cases; jury and case in progress.

Knights of Columbus.

The meeting last night of Fitzgerald Council, Knights of Columbus, was well attended and the proceedings were interesting. The third degree was conferred in an impressive manner upon several candidates. A number of members of the fraternity from Washington were present.

LOCAL BREVITIES.

There was nothing new to report on the river this morning.

Mrs. Elizabeth Graham, aged 84 years, died in Washington yesterday.

Messrs. Proctor & Evans are at work on interior decorations in Mr. A Calmes's saloon.

As will be seen by a notice elsewhere, discounts on gas bills will be allowed on bills paid before April 1st next.

The alarm of fire this afternoon was caused by a burning chimney at the corner of Oronoco and Patrick streets.

Mr. G. L. Boothe, attorney for the city of Alexandria, yesterday submitted to the Commissioners of the District of Columbia typewritten copies of his statement made at the recent hearing on the subject of the District constructing the outlet of the sewerage system into the Potomac a mile and a half above Alexandria.

Welcome to Queen Alexandra.

Alexandra of Great Britain was yesterday given a hearty welcome to Portugal. The harbor of Lisbon was crowded with gaily decorated steamers and yachts, and the British royal yacht ascended the river amid a deafening volley of salutes. Two gres golden galleys pulled by 80 boatmen in medieval costumes of scarlet and gold took out King Charles, his suite and ministers to meet the royal guest. A pavillion had been erected on the quay for the reception formalities. After the Queen Dowager of Portugal had met Queen Alexandra at the steps of the quay a procession of state carriages and officials took the guest and her suit to the palace amid cheers from the populace. Along the route of the procession a feature of the decorations was many thousands of camelias and other flowers, which had been distributed to residents to be thrown to Queen Alexandra as the procession passed, while hundreds of pigeons with ribbons of the British colors tied to their necks were liberated and mingled in the shower of flowers. The scheme of decorations made the reception a great floral demonstration.

After the state banquet at the palace, where 200 covers were laid, and a state concert by open artists, the streets were illuminated and crowded till a late hour.

It transpires that the storm which compelled the British royal yacht to put in at Vigo for shelter was so violent as to cause the royal party the greatest anxiety and discomfort. Princess Victoria, owing to weakness consequent upon her recent illness, was completely unnerved, but has recovered. The heavy seas damaged the yacht's fittings.

REMNANT DAY.

Few things have time to grow old in this store, as the great business keeps us turning over the stock all the time. Yet many lots lag when they come down to a few of a kind, as it is easier for the salesperson to show full, complete stocks, and better for the customer to select from them; and some things will get dusty and soiled when hundreds of persons a day are picking them over.

To rid ourselves of just such incumbrances, and to get the store in shape for each week's business, we offer every Friday the accumulation of remnants at reduced prices—often half and less than half.

Bargain opportunities for tomorrow abound—and the goods are just such things as are needed now for personal use or the home.

THURSDAY EVENING, MAR. 23, 1905.

A Strange Case.

Mutual hypnotism is the cause assigned by Dr. Paul Allen, who occupies the chair of materia medica in the New York Homeopathic College, for the strange sleep now lasting 13 days of Mrs. James H. Heustis and her daughter Luella. The two women lie in their deep trance at the Presbyterian Hospital, and until the suggestion exercised by each upon the other is broken neither will awaken, according to the alienist. "Very likely," said Dr. Allen, "one woman has hypnotized the other. This would open the way tor auto-suggestion and the circuit would be complete. Often such patients would be awakened by outside suggestion stronger than that exercised upon each other. For instance, in a case of hyptero-epilepsy the patient might be told that boiling water was to be poured upon him. When cold water is then dashed upon the body the suggestion that it is boiling water revives the patient."

In other words, the minds of the two women in perfect sympathy mutually react making the sleep deeper as it progresses. There are few cases like that of the two patients. For 13 days they have lain motionless. It is quite possible that both hear and understand what is going on around them without the power to express themselves by the slightest movement of a muscle. Food is forced down their throats, the swallowing muscles being powerless. This food consists of eggs beaten up in milk and its nutritive power is sufficient to keep the two alive. Up to a late hour yesterday neither showed signs of awakening. It is probable that both will recover consciousness at the same time unless the sleep ends in death. In that case Dr. Allen's remarkable diagnosis will be almost proved.

The attention of the medical world is centered on the curious case. Physicians generally scout the idea that the coma is the result of the gas poisoning to which both had been subjected. Either it would have ended in death days ago or the effects would have worn off, is the unanimous opinion.

Russia Planning Big Navy.

The prospects of American shipbuilders having a large share in the rebuilding and enlargement of the Russian navy are growing brighter. An extensive naval programme, which in a few years will restore Russia to an equality with the first-class sea powers, has practically been completed, but has not yet received the final assent of Emperor Nicholas. The policy of the Admiralty will be to use the rebuilding of the navy for the development of the shipbuilding industry at home, in order to render the country independent of foreign construction in future, and for this purpose the construction of yards in Russian waters by foreign builders will be encouraged. At the same time it is realized that on account of the extent of the programme it will be impossible to construct all the ships in Russia without entailing too much delay. The admiralty is inclined to show special consideration to the claims of Russia's French allies, but American propositions also are regarded with favor, and when the orders are distributed America, next to France, is likely to get the largest share, since there is reason to believe that American enterprise may also undertake the construction of a great shipbuilding plant at some port of the Baltic or on the Gulf of Finland.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promply like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest, It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Lungache,

HAMLINS
WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Quray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and $1.00.
